A man and a woman are standing with their bicycles in front of a building. The woman is on the left, wearing a blue patterned shirt and light blue pants, with her right arm raised in a wave. The man is on the right, wearing a grey t-shirt and shorts, with his left arm raised in a wave. A child is visible in a black bicycle trailer attached to the man's bike. The building behind them has a brown wooden facade and a large sign that reads 'MONTÉRÉGIE' in white capital letters, preceded by a red square logo. To the right, a window displays various landscape photographs. The scene is set outdoors with green bushes in the background.
